LiquidAgents Healthcare Announces the Signing of Two-Year Contract with New Mexico's Travel Registry Program

Plano, Texas – April 25, 2006 – LiquidAgents Healthcare, a leading healthcare staffing and comprehensive workforce procurement agency, announced today the signing of a two-year contract with the New Mexico Travel Registry Program, in the Travel Nursing Program. The new agreement will be effective June 1, 2006.

The purpose of the New Mexico Travel Registry Program is to enhance the pool of qualified staff for a select group of hospitals and healthcare institutions in New Mexico, more than 30 of which participate in the Travel Nursing Program. Under the agreement, LiquidAgents and the other selected agencies will be securing traveling healthcare personnel services for participating members as part of a group purchasing arrangement. There are currently more than 50,000 hours of nursing staff being filled each month, and these numbers are expected to increase.

“The New Mexico Travel Registry Program is a highly regarded cooperative purchasing program,” said Sheldon Arora, Chief Executive Officer for LiquidAgents. “We are very pleased that LiquidAgents was chosen to work with the New Mexico Travel Registry Program in such a key area of its operation. The signing of this agreement is another indication that LiquidAgents has emerged as a leader among healthcare workforce procurement agencies. I am confident that the New Mexico Travel Registry Program will experience the same high level of service that we have delivered for our other clients. I look forward to watching our relationship mature and exceed the high expectations we have mutually set.”

The New Mexico Travel Registry Program joins the IASIS Healthcare System and Memorial Hermann Healthcare System, among others that have signed with LiquidAgents in 2006. LiquidAgents continues to be one of the fastest growing healthcare workforce procurement agencies in the United States.
