FOR IMMEDIATE RELEASE

LiquidAgents Healthcare Ranks #74 on SMU Cox "Dallas 100" Entrepreneur Awards List

Plano, Texas – November 15, 2012 – LiquidAgents Healthcare, a healthcare staffing and comprehensive workforce procurement firm, announced today that it took the 74th spot on the SMU Cox 'Dallas 100' Entrepreneur List. The FINAL award recipients were announced at the annual Dallas 100™ Awards Ceremony and Banquet on Wednesday night, November 14, at the Morton Meyerson Symphony Center.

"It is an honor to be chosen for this award," said LiquidAgents Healthcare CEO, Sheldon Arora. "To be in the company of the top 100 entrepreneurs in the DFW area, is truly inspiring. We're all working towards one common goal- to help our industries prosper through tough economic times and create jobs and opportunities for our people."

Dallas 100™, founded by SMU Cox Caruth Institute for Entrepreneurship, honors the ingenuity, commitment and perseverance of the fastest growing privately-held entrepreneurial businesses in Dallas.

The twenty-second annual Dallas 100™ Awards Ceremony was presented by the SMU Cox Caruth Institute for Entrepreneurship along with sponsors including Executive Press, The Stewart Organization, Amegy Bank, Carr Intellectual Property Law, Evos Financial, The Intersect Group, CresaPartners, KRLD 1080 News Radio, Dallas Business Journal, and BKD CPAs and Advisors. The founders originally conceived of the event in 1990, in the midst of another economically challenging time for the country, with the goal of shining the spotlight on the good news about fast growth Dallas companies. The event continues to recognize privately held corporations, proprietorships or partnerships headquartered in Dallas that don't otherwise get attention, but which have created jobs and generated wealth for their founders and employees.

"Entrepreneurs are the fundamental change agents and rejuvenators of an economy," said Jerry White, event co-founder and director of the Caruth Institute for Entrepreneurship at SMU Cox School of Business. "They derive innovation, build companies, create jobs and build the wealth of the nation."
