FOR IMMEDIATE RELEASE

LiquidAgents Healthcare Ranked #1 “Best Place to Work in DFW” by Dallas Business Journal

Plano, Texas – May 3, 2007 – LiquidAgents Healthcare ranked #1 in the Dallas Business Journal’s “Best Places to Work in the Dallas-Fort Worth Area” for 2007. The comprehensive IT solutions and healthcare workforce procurement firm has made the list for the past four years in the small business category for companies with 1-100 employees. After an explosive year of growth, they made the list for the 5th year in a row, now in the mid-size business category for companies with 101-500 employees. The award was accepted by esoftsolutions CEO Sheldon Arora at the Dallas Business Journal 2007 Best Places to Work Awards luncheon on May 3 at the Wyndham Anatole.

“We are excited about our growth over the past year and are incredibly honored to be ranked #1 in the mid-size business category this year,” Arora said. “Since the company’s inception in 1997, we’ve worked hard to build a culture around the belief that attracting and retaining the most talented professionals in the business will grant us the ability to build a world class company that can serve customers beyond expectations.”

The “Best Places to Work in Dallas-Fort Worth” award, going into its 6th year, is now one of the most sought after high profile business awards in Texas. The award recognizes companies that value employees as key to driving successful business results, therefore making employee satisfaction a competitive edge. Companies submitted company and employee surveys in four categories. Top finalists and company rankings in each category were determined by a point scoring of responses to survey questions. Employee responses account for 60 percent of the overall score.
