LiquidAgents Healthcare Takes Top 25 Spot on Modern Healthcare’s “Best Places to Work” and Receives Millennial Award

Plano, Texas – October 10, 2016 – LiquidAgents Healthcare placed No. 22 on Modern Healthcare’s “Best Places to Work in Healthcare” list. The list named the top 100 organizations within the healthcare industry nationwide. The company also received the first-ever Modern Healthcare Millennial Award, which looks at the rising influence of the millennial generation that entered adulthood around the turn of the 21st century.

Finalists for the Millennial Award were determined based on the number of employees of that age (10% of the firm's workforce, or at least 25, whichever was greater, had to be under age 35), and how engaged they are at the company based on the number of responses to the Best Places to Work employee survey questionnaire.

This is the eighth year LiquidAgents Healthcare has won the award. The “Best Places to Work” award program identifies and recognizes outstanding employers in the healthcare industry nationwide. Modern Healthcare partners with the Best Companies Group on the assessment process, which includes an extensive employee survey.

“We are very excited to not only be ranked among the Top 25 best places to work within the healthcare industry, but also to be chosen for the Millennial Award,” said Sheldon Arora, CEO of LiquidAgents Healthcare. “We work hard to foster a creative, fun and motivated work environment for all employees, and receiving recognition like this validates we are successful at what we set out to do.”

LiquidAgents Healthcare was honored at the 2016 Best Places to Work Awards Dinner on Thursday, October 6, 2016 in New Orleans.
